In re Patent No. 7,405,759	:	
Issue Date: July 29, 2008	:	
Application No. 09/966,484	:	ON PETITION
Filed: September 28, 2001	:	
Patentee: Bruce M. Radl	:	

This is a decision on the Request for Certificate of Correction filed August 11, 2008, which is being treated as a request under 37 CFR 3.81(b)¹ to correct the assignee's name on the front page of the above-identified patent by way of a certificate of correction.

37 CFR 3.81(b), effective June 25, 2004, reads:

After payment of the issue fee: Any request for issuance of an application in the name of the assignee submitted after the date of payment of the issue fee, and any request for a patent to be corrected to state the name of the assignee, **must state that the assignment was submitted for recordation as set forth in § 3.11 before issuance of the patent**, and must include a request for a certificate of correction under § 1.323 of this chapter (accompanied by the fee set forth in § 1.20(a)) and the processing fee set forth in § 1.17(i) of this chapter.

The petition is **dismissed**.

Petitioner requests issuance of a Certificate of Correction in the name of "Mosaic Imaging, Inc., Stow, MA." However, USPTO assignment records fail to show recordation of the documentary evidence of the chain of title from the original inventor(s) to the current assignee. Since no documentary evidence of the chain of title was submitted for recordation and/or recorded prior to issuance of the above patent, a Certificate of Correction would not be in order. See MPEP Section 306.

¹ See MPEP 1309, subsection II and Official Gazette of June 22, 2004

Since the request cannot be granted, the \$100 Certificate of Correction fee submitted on August 11, 2008 will be applied towards the \$130 processing fee for treatment of the instant request. Therefore, the difference of \$30 will be charged to petitioner's deposit account, as authorized.
